Nottinghamshire Victim CARE
Cope And Recovery Empowerment

HELP AND SUPPORT
FOR VICTIMS OF CRIME

Know someone impacted by the Early Prison Release scheme? We can provide support.

There are various ways victims of crime are being impacted by the Early Prison Release plan and may need support.

How Nottinghamshire Victim Care can help:

- **Listen** to victims' and survivors' concerns and offer emotional support.
- **Discuss** wellbeing, safety and possible next steps.
- **Provide** practical guidance and help those impacted understand what the changes may mean.
- **Help** people access ongoing or specialist support where appropriate.
- **Provide contact** details for other services and support with accessibility.
- **Explain** how someone may be able to seek further information about the offenders release.
